

Scholarships at the Polk County Community Foundation

- 2010 -

The Polk County Community Foundation awards scholarships from 46 different scholarship funds. Completing this one application makes you eligible for all foundation awards. Please refer to the Kirby Handbook of Polk County Area Scholarships, which lists all foundation scholarships as well as scholarships offered by other local organizations and is updated annually.

Who is eligible? Residents of Polk County, N.C., Saluda, NC, and Landrum, S.C. (29356 zip code). Students other than graduating high school seniors must have resided here for at least the past two years and must have actively participated in the life of the community. All awards for adults returning to school require submission of financial information. Students who are currently receiving renewable awards from the foundation are not eligible for additional awards.

What types of educational opportunities are funded for high school seniors and students in school? Awards are given on a competitive basis to students who wish to attend a recognized college, university, technical, professional, vocational or other advanced educational or training institution. Each award has its own criteria set by the donors who created the scholarship funds. Scholarships are not awarded to fund more than four years of college.

What types of educational opportunities are funded for adults going back to school? All awards for adults going back to school require demonstrated financial need. Adults going back to school may apply for any type of accredited schooling including graduate school.

Value of Awards. The awards range in value from \$1,000 to \$5,000. Renewable awards range in value from \$4,000 to \$15,000 in total for up to four years of school. We award over \$140,000 in scholarships annually.

First Awards Cycle. The first cycle is for graduating high school seniors only.

***Application Deadline:** Tuesday, December 8, 2009 by 1:00 p.m.

Required Transcripts for High School Seniors. You must submit high school transcripts which reflect all of your high school courses and grades to date as well as any standardized test scores (SAT and ACT) and AP test scores.

Home Schooled Students. Submit appropriate documentation to describe your course of study. To be considered for awards that require high academic achievement, you must submit standardized test scores (SAT or ACT).

Financial Information: Optional for High School Seniors / Required for Adults

All financial information is separated from the general application and is reviewed only by the staff of the Community Foundation. Only eligibility for need-based awards is released to the scholarship committee members.

Who Should Submit? Financial information is only required for students applying for need-based scholarships. Approximately 1/3 of our named awards require submission of this financial information. All of our awards for adults returning to school are need-based and require submission of financial information. We do not use the same formulas used by the federal government to determine need; our methods allow many more families to qualify for need-based awards.

Required Information. If you wish to be considered for need-based scholarships, you must submit the attached Polk County Community Foundation Financial Aid Application if you are a high school senior. Adults going back to school are required to submit a FAFSA.

Unusual Circumstances. It is the purpose of need-based scholarship awards to provide assistance to students to meet the costs of higher education or vocational training that are greater than they and their families can afford. If there are unusual circumstances that should be considered, please explain in an attached letter or contact the foundation's Grants Manager.

Emancipated Students. Information based on the situation of the student alone will not be accepted unless the student received no financial support from his or her family in the past 12 months. An affidavit to this effect must be submitted if student is 25 years old or younger.

Interviews

An interview is a required part of the selection process. Your interview may be conducted by phone if necessary. We will notify you at the address or phone number set forth in your application regarding the date and time of your interview.

Notification and Payment of the Award

You will be notified in writing of the scholarship decision several weeks after your interview. If you receive an award, your letter and your Payment Information Form will give you the details about your scholarship.

The Foundation mails payments directly to your school. You may ask to have the award applied to your first or second semester or split.
