

2020 SCHOLARSHIP GUIDELINES

ADULTS GOING BACK TO SCHOOL

Introduction

The Polk County Community Foundation awards scholarships from three funds for adults going back to school. This application is all you need to complete in order to apply for all Foundation awards for adults going back to school. A separate scholarship application is available for graduating high school seniors. Please refer to the Kirby Handbook of Polk County Area Scholarships, which lists all Foundation scholarships as well as scholarships offered by other local organizations and is updated annually.

Who is eligible?

- Adults going back to school are eligible to receive scholarships to help with the cost of tuition.
- Students must be residents of Polk County, N.C. or Landrum, S.C. (29356 zip code). All awards for adults going back to school require that students have resided here for at least the past two years and have actively participated in the life of the community.
- All awards for adults going back to school require submission of Free Application for Federal Student Aid (FAFSA) information.

What types of educational opportunities are funded for adults going back to school?

Adults going back to school may apply for any type of accredited schooling, including graduate school. Adult students may apply for additional scholarships in future years until their back to school education is complete.

Value of Awards:

All Foundation awards are a minimum of \$1,000. Approximately \$8,000 in scholarships is normally available for all adult awards.

Application Deadline:

- Please see the Dates and Dollars sheet available online and in our offices.

Caution:

We have provided a checklist to help you turn in a complete application by the firm deadline. The first step to receiving an award is following all directions carefully. Regrettably, each year several applications are not considered on their merits because of simple errors or omissions that could have been corrected with a careful review. Please note the opportunity to have your application reviewed and certified as complete and on time by our Director of Grants.

Typed vs. Handwritten Applications:

We offer the option of completing parts of the application using a computer (see below). Applications handwritten neatly with black ink are equally acceptable.

Applications Online:

An electronic version of this application is available for download on our website, www.polkccf.org. The application is a .pdf file that may be saved and edited on your computer. Save the blank application file to your computer before you begin working on it. You may type answers into most sections of the application and edit your saved responses on your computer at any time.

Although you may fill out portions of the application electronically, you must submit a paper copy of your application to the Foundation. It is not possible to complete and submit the application online.

Please note that you will need to complete some sections of the application separately, such as the Essay and Letter of Recommendation. Signatures must be handwritten. Print out your completed application, attach all other required materials and submit your application in one complete package before the deadline.

Additional Application Hints and Requirements:

Please refer to the signature page.

- _____ Deliver your application to the Community Foundation's office by **11:59 pm** on the date of the deadline. Postmarks will not be accepted as proof of meeting our deadline requirements. Applications will not be accepted by email or fax. If you would like to submit your application early, outside of our normal business hours, we have a drop slot in our front door for your convenience.

- _____ Answer **all required questions** and sign and date the application. Questions that are left blank will result in your application being judged incomplete.

- _____ **Essay.** Stating your name and the required essay topic on the first page of the essay is required. *See example on essay page.*

- _____ All required **transcripts**. See transcript guidelines.

- _____ **One Letter of Recommendation**, in a sealed envelope with the evaluator's signature across the seal.

TRANSCRIPTS

All transcripts must be official copies certified by the school and enclosed in a sealed envelope from the school.

Adults who have not attended school for more than five years are not required to submit transcripts. If you are continuing your back to school education, you must submit all transcripts for credits earned in the past two years.

FINANCIAL INFORMATION

All financial information is separated from the general application and is reviewed only by the staff of the Community Foundation. Only our determination of your eligibility for need-based awards is released to the scholarship committee members. We do not use the same formulas used by the federal government to determine need, so our methods allow many more families to qualify for need-based awards.

- All of our awards for adults returning to school are need-based and require submission of financial information.
- Adults going back to school are required to submit FAFSA information. Please black out your social security number. You may submit your FAFSA confirmation webpage or email showing the Expected Family Contribution (EFC) instead of the entire FAFSA form. Please note that the confirmation page is displayed only when you submit your FAFSA to a school and should include your name as generated by the website.

NOTIFICATION AND PAYMENT OF THE AWARD

You will be notified in writing of the scholarship decision. If you receive an award, your letter and your Payment Information Form will give you the details about your scholarship.

The Foundation mails payments directly to your school for tuition and fees only. You may ask to have the award applied to tuition for your first or second semester or split. We encourage you to work with your school's financial aid office to time the award in a way that maximizes the benefit to you.

Please refer to the Foundation's Dates & Dollars sheet available online and in our offices regarding application deadlines and when scholarship decision information will be available.

If you have not received a letter regarding the status of your application by August, you may contact us for more information.

SIGNATURE & RELEASES:

I certify that all the information in this application is true and complete to the best of my knowledge and that the essay is my own work. Signing below indicates that I have read and understand the following:

General Application Requirements: Answer every question, leaving no blanks. Incomplete, incorrectly formatted, late, electronically delivered or faxed applications shall not be considered for funding. All application materials must be submitted together in one package.

Application Format: Some sections of the application require you to fill in blanks by either completing the paper form or the electronic .pdf version available for download on our website. Responses may be saved on the electronic version and printed out to submit with additional materials required by the application. Re-creating forms by re-typing, copying and pasting, etc., causes formatting changes that alter the original application, and make applications more difficult to process; therefore, submitting re-created forms will automatically make your application incomplete.

Application Review: If you wish, you may schedule an appointment well in advance of the deadline with our Director of Grants. During your appointed time, you may ask the Director of Grants to certify that your application has been turned in on time and is complete. The Director of Grants does not have the authority to certify that incoming applications comply with all Foundation policies and IRS mandates. Because any error will prevent your application from being considered, we recommend that you take advantage of this opportunity to have your application reviewed.

Yes No

If I receive a scholarship, I give my explicit written consent for the college I enroll in to share FAFSA information with the Polk County Community Foundation in order to maximize the benefit of my scholarship, in accordance with Foundation, school, and other policies.

This helps the Foundation work with your school to determine the maximum amount of your award that can be used without negatively impacting your financial aid package.
